Flujo de agente

Input

The screenshot shows the configuration interface for an AI Agent. At the top, there is a header with a robot icon, the text "AI Agent", and a "Test step" button. Below the header are tabs for "Parameters" (selected), "Settings", and "Docs". A tip box contains the text: "Tip: Get a feel for agents with our quick [tutorial](#) or see an [example](#) of how this node works". The "Source for Prompt (User Message)" dropdown is set to "Define below". The "Prompt (User Message)" field contains the code: `fx {{ $json.messages[0].text.body }}`. At the bottom, there is a toggle switch for "Require Specific Output Format" which is currently turned off.
